Missing some Kit?

We have spares of most items. If you're missing something and can't sort it, then drop us a message - we can lend you most items. Need advice on the best thing to buy? We have been doing this for years, please just ask!

Don't try and predict the British weather! It can be red hot in the day, and freezing at night. Please bring plenty of spare clothes in case we end up getting soaked every day!
